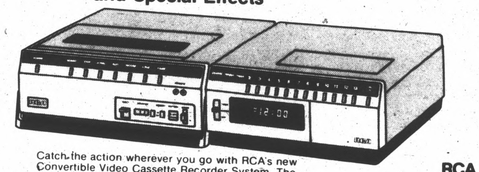
VCR THAN RCA

RCA SelectaVision VET650
6-hour Video Cassette Recorder with High-Speed Picture Search and Special Effects

Watch what you want—when you want—with RCA's new SelectaVision® 650 Video Cassette Recorder. Its many outstanding features include:

- Up to six hours recording time on one cassette (VK250).
- Special multi-speed playback effects—slow motion, double speed, stop action and single frame advance—all activated by remote control.
- Full-function remote control unit with 20-foot cord activates special effects, plus picture search, play, record, fast forward, rewind, channel change and pause—all from the comfort of your easy chair.
- Electronic programmer can be preset to record 8 different TV shows on different channels up to 14 days in advance.
- Electronic varactor tuning with touch-button selection of up to 14 channels.
- TV/VCR switch automatically returns to TV mode when the recorder is turned off.
- Recorder automatically rewinds cassette when tape runs out in all modes except timer mode.
- Three-hour video cassette (VK125) included.

RCA SelectaVision
6-Hour Convertible VCR System with High-Speed Picture Search and Special Effects



Catch the action wherever you go with RCA's new Convertible Video Cassette Recorder System. The VFP170 Recorder has a built-in rechargeable battery so you can tape outdoors, indoors—anywhere. With the Tuner/Timer Module you can record your favorite TV shows—up to six hours on a single cassette. And a new remote unit lets you control Picture Search, Special Effects and most primary VCR functions from the comfort of your chair.

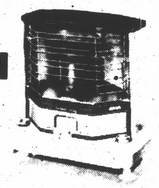
MORE B.T.U.'s FOR THE BUCK than any heater in AMERICA!

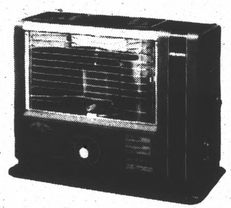
FREE!
FIVE GALLON FUEL CAN
WITH THE PURCHASE OF ANY Radiant King Portable Heater
FROM $9.95 VALUE
FREE SYPHON HOSE INCLUDED



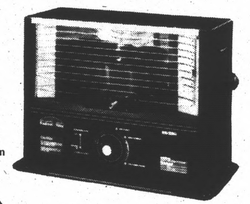
Model RK-55 – 9,600 BTU – Reflector
1.2 Gallon Capacity portable with Automatic light and easy access carrying handle. It weighs less than 16 lbs. and is designed for use in camping, hunting, general recreation, work areas and the like. The No Frills all purpose heater that offers the most heat output at the lowest price heats up to 350 sq.ft. area. It has bottom loaded fuel tank and fuel gauge.

Model RK-75 – 8,000 BTU – Reflector
1.3 Gallon Capacity with Automatic Light and Automatic Shut-Off features modern styling in a cylindrical cabinet finished in rich ivory with brown accent. It is perfect for smaller areas that need supplemental heat, yet is portable enough to move around the house with its easy access chrome plated carrying handle. The larger top grid plate allows for even greater radiant heat output from the top. This unit heats from 250 sq.ft. to 300 sq.ft. area. It has bottom loaded fuel tank and fuel gauge.

Radiant King™ Kerosene Heaters raise the temperature and lower the fuel bills.



Model RK-100S – 9,800 BTU – Reflector
1.4 Gallon Capacity with Automatic Light and Automatic Shut-Off, features slim, modern cabinet styling finished in a natural oak-wood grain. The new frosted glass combustion chamber allows for greater disbursement of heat generated from the chrome plated reflector. It was designed to fit the needs of the discriminating home owner who wants to turn their furnace down, yet stay warm and comfortable. The new U.L. listed removable tank allows for a safe transfer of fuel to the heater with no heavy lifting of the entire unit. It offers 22 hours of heat on one full tank with a no-mess way of filling.



UL® Approved

Model RK-500 – 15,500 BTU – Convector
1.5 Gallon Capacity with Automatic Light and Automatic Shut-Off. This unit is designed to be portable enough to move where you need the most heat. Its cylindrical open body allows for greater circulation of air flow than most convection units. The larger top grid also enhances direct radiant heat from the top. Put all this together and you have a heater that will comfortably heat a 550 sq.ft. area. Finished in enameled Ivory and Brown tones to fit home, office and recreational areas. The self-contained bottom load fuel tank epsures an extended burn time.

Model RK-220 – 11,800 BTU – Reflector
1.2 Gallon Capacity with Automatic Light and Automatic Shut-Off, won its popularity with its conventional appearance, decorated in beautiful mahogany wood grain. Add the fact that it offers enough heat out-put to warm areas up to 425 sq.ft. efficiently, and you have a portable heater that will give you a competitive edge against other reflector style units. A larger frosted glass combustion chamber allows for more reflective heat output. The easy lift-out cassette fuel tank is U.L. listed and will mean safer and cleaner fuel fill ups, plus give up to 19 hrs. of efficient heat.
